REFERENCE CASE

223-ФЗ · 12 кВ 12 kV

capacitor-bank component demand

REFERENCE / COMPONENT SUPPLY

12 kV KEPF · 10 capacitor-bank units

JSC RETO Plant · TIN 7724646338 · Moscow · RFQ

NMC (INCL. 22% VAT)	CONTRACT · ARCHIVAL EIS	UNITS / TOTAL POWER	COMMISSION WINNER
RUB 3,078,500	RUB 3,050,000	10 / 5.25	EXPERT GROUP
	Signatory unverified	units / Mvar	ИНН 7720494275

Technical scope

КЭПФ-12-450-2УХЛ1	5 pcs	450 kvar
КЭПФ-12-600-2УХЛ1	5 pcs	600 kvar

Capacitor-bank components, NOT a ready-made STATCOM/SVG. 12 kV, 50 Hz, Rosseti approval required.

Procurement timeline

Commission protocol

19.08.2026
Archival EIS contract

3 bids / 2 admitted

1 rejected

Takeaway: an original protocol names the commission winner and an archival record reports a RUB 3.05m contract. Actual signatory, OEM, delivery and payment are unverified. KVAR's RUB 1.96m rejected bid is not a completed sale.

Sources: original spec [TZ], commission minutes [PROTOCOL], RAD [ETP]; EIS contract data are archival and currently HTTP 404.

SPECS & PRICING

223-ФЗ · 12 кВ Technical specification No. 186 · original RAD source

REFERENCE / ORIGINAL SPECIFICATION

Technical bill of materials and economics

7-page original specification · parameters refer to the capacitor devices, not to substation voltage

Model	Qty	Rated U / I	Rated kvar	Capacitance	NMC/unit	Archival contract/unit
КЭПФ-12-450-2УХЛ1	5	12 kV / 37.5 A	450	9.95	RUB 294,500	RUB 292,000
КЭПФ-12-600-2УХЛ1	5	12 kV / 50 A	600	13.26	RUB 321,200	RUB 318,000

Engineering and logistics

Frequency	**50 Hz**
Warranty	**at least 12 months**
Delivery deadline	**within 80 calendar days after signing**
Delivery address	**Moscow, Starokashirskoye Shosse 4A**
Technical conditions	**IEC 60871-4, fuses, discharge resistors**
Rosseti approval	**Positive product accreditation required**

Distinct financial indicators

NMC total · incl. 22% VAT	**RUB 3,078,500**
Winning bid · incl. 22% VAT	**RUB 3,050,000**
Archival registered amount	**RUB 3,050,000**
Difference vs NMC	**RUB 28,500**
NMC discount	**0.93%**
Cash paid verified	**NOT VERIFIED**

KEPF-12-450 replaces ABB CHDB-992. Five 450 + five 600 kvar units yield 5,250 kvar nameplate total. Contract item prices rely on archival EIS data (URL currently unavailable); NMC/unit values are from the original specification.

REFERENCE / COMPETITION & PROVENANCE

Bidding, outcome and evidence

Original final protocol No. 186-2 dated 3 Aug 2026: 3 bids, 2 admitted, 1 rejected

Bidder	Tax ID	Offer	Decision
LLC EXPERT GROUP	7720494275	RUB 3,050,000	Winner · rank 1
LLC TO-STROYMONTAZH	7721814062	RUB 3,078,500	Admitted · rank 2
KVAR capacitor plant	5043061102	RUB 1,960,906	Rejected · not a contract

Why the cheapest bid failed: KVAR was rejected for two reasons: missing tax-arrears certificate KND 1120101, and 37.5 A instead of the required 50 A for KEPF-12-600. Its low bid was not an awarded sale.
